

TRANSALP

ACCESSORIES *XL750 TRANSALP*

THE ORIGINAL TRANSALP

The original Transalp, introduced in 1986 with a 583cc V-Twin engine, is something of a legend. And as testament to the sheer quality of its build and timelessness of its design, many can still be seen on Europe's roads today.

This is just what the new XL750 Transalp is built to do, and a legend of adventure touring is thus reborn.

PROTECTION

ENGINE GUARD
08P73-MLC-D00 / 08P73-MLC-D60
The Engine Guard protects the engine frame in case of fall or collision, while providing an enhanced adventure appearance to the motorcycle. Made of steel and finished in Mat Beta Silver Metallic colour. This accessory is required to fit the Skid Plate onto the motorcycle.

- Material: Steel
- Surface treatment: General Coating
- Color: Mat Beta Silver Metallic
- 08P73-MLC-D00 Silver Engine Guard
- 08P73-MLC-D60 Black Engine Guard

To install the engine guard, the Guard ATT (Sold separately 08P74-MLC-D00) is required.
Note: Engine Guard is not compatible wit STD Skid Plate from E-Clutch version

FRONT SIDE PIPE
08P72-MLC-D00/ 08P72-MLC-D60
These steel side pipes reduce damage to the motorcycle fairings and other parts in case of fall, while providing an enhanced adventure look.

- Material: Steel
- Surface treatment: Painted
- Color: Silver

The Guard Attachment (08P74-MLC-D00) is required to install it.

- 08P72-MLC-D00 White Front Side Pipe
- 08P72-MLC-D60 Black Front Side Pipe

SKID PLATE
08P71-MLC-D00
The skid plate consists of a 2.5 mm thick aluminum plate with excellent strength and corrosion resistance. It is designed to protect the motorcycle parts located around and below the engine like the oil filter or the exhaust pipes, and shaped to fit perfectly with the engine guard for a more compact and resistant appearance.

To install the Skid Plate, Engine Guard (08P73-MLC-D00 and 08P73-MLC-D60) and Engine Guard Att (08P74-MLC-D00) are required

RADIATOR GRILL
08F74-MLC-D00
The Radiator Grill, featuring the TRANSALP logo and made from stainless steel, has an original mesh pattern combining cooling capability with protective function. This reduces potential damage to the radiator core from debris.

KNUCKLE GUARD & EXTENSION
08ESY-MLC-KNGZB / 08ESY-MLC-KNGZC
The Knuckle Guards improve the ride comfort by protecting the rider's hands against adverse weather and wind. (Extension included)
Available in the following colours:

- 08ESY-MLC-KNGZB White Knuckle Guards
- 08ESY-MLC-KNGZC Black Knuckle Guards

TANK SIDE STICKERS
08F01-MLC-D60ZD
These tank side stickers, feature the TRANSALP logo. The special surface treatment makes them resistant to scratches and stone chips when driving on rough roads or off-roading, while their flexible sheet makes them easy to install on the tank surface.

- 08F01-MLC-D60ZD Tank Side Sticker *NHA30M*

RALLY STEPS
08R79-MKS-E00
With their aggressive spike shape and a surface 57% larger than the standard ones, these Rally Steps improve the stability and control during off-road riding while reduce risk of boot slip.

QUICK SHIFTER
08U70-MLC-D00
The Quick-shifter allows up and down clutchless gear changes, with auto blipper function for smooth and instant shifting which enables stress-free riding not only for sports driving but also for touring. Features adjustable operation load in three stages.

This kit includes:

- Knuckle Guard (08P77-MLC-D00)
- Knuckle Guard Extension *NH-1* Black (08P72-MKS-E00ZC) / *NH-196* Ross White (08P72-MKS-E00ZB)

LUGGAGE

50L TOP BOX KIT
08ESY-MLC-TBT
With a large capacity of 50L, this plastic top box can store two helmets in. The Honda one key system allows to operate the top box by using the ignition key. Product details:
• Dimensions: L 470 mm x W 600 mm x H 340 mm
